To Whom It May Concern:

It is my privilege to write a letter of recommendation for BUSES International and its president, Norman R. Beetler.

I have known Norm for several years through various community activities, and am aware of the tremendous impact he is making through the ministry of BUSES International. He and his staff work tirelessly to transform old school buses into mobile medical clinics which are then donated to help needy people around the world.

What I've observed is Norm's passion to share the love of Christ by meeting basic human needs. And isn't that what the gospel is all about?

I heartily affirm the ministry of BUSES International.

Yours faithfully,

John D. Beckett  
Chairman
